

A Tribute Page(Create a web page on Pulwama Attack)

- The simplest website you can make as a beginner is a Pulwama attack web page .
- It requires only basic knowledge of HTML and CSS.
- Make a webpage writing about that Pulwama attack adding Pulwama attack image.
- On the top of the webpage, add the Pulwama attack image and name of the soldiers and below that give layout for the rest of the details.
- You can also add navigation baar.
- You can use paragraphs, lists, links, images with CSS to give it a decent look. Add a suitable background color and font style on your webpage.

- Most of the parts you can make using HTML but to give it a better look using a bit of CSS. Take help from the link given below.
